

WELLS GRAY ADVENTURES

WINTER 2020-2021 COVID 19 CLEANING PROTOCOLS

CLEANING PROTOCOL FOR GROUPS STAYING IN A CABIN FOR THE WINTER OF 2020-2021.

Due to the self-guided and catered nature of the trips, guests will be responsible for cleaning in the cabins.

Cleaning Protocol Upon Arrival

We recommend wiping down surfaces with hot water and soap to remove the disinfectant that has been sitting since the last group's departure.

Cleaning Protocol During Your Stay

Shower

Spray and wipe shower facilities after use

Sauna

The sauna must not be used until the third night of your visit, allowing time for disinfectants to kill anything in the sauna room.

Cleaning Procedures Upon Departure

Upstairs

After guests pack up - move all gear out of the sleeping floor.

- Sweep the upstairs thoroughly.
- Spray the mattress down with disinfectant, let sit for five minutes and wipe with a clean cloth.
- Spray the wall near your head, let it sit for five minutes and wipe it down.
- Open the windows on either end of the room
- All cleaning rags in a plastic bag to be dropped off for Wells Gray Adventures.

Common Areas

Pick up all personal belongings and move to the porch.

- Any books or games used go into the used Rubbermaid at the end of your trip
- Clean all surfaces
- Sweep floors.
- Just prior to leaving spray surfaces including:
Counters * Table * Door Knobs * Sinks in Kitchen and Sauna Room * Table * Other High Contact areas
- Leave the solution to Air Dry

Please only use a soft rag with alcohol on it when cleaning the radio and the Mic- Do not spray Electrical Equipment!!

- Mop floor with disinfectant
- Empty and clean garbage cans

Wash Hands After Any Cleaning

Administrative:

- Cleaning protocols will be created and posted throughout all facilities.
